## A REFRESHING MAINE WILD BLUEBERRY SPRITZY COCKTAIL

*bright, floral, crushable*

This can of florescence is a delicious, exuberant bundle of joy. The base wine is the naturally fermented juice of  $\frac{3}{4}$  lb of Maine wild blueberries, tended and hand-harvested by the Passamaquoddy Wild Blueberry Co. in and around Columbia Falls, Maine. To that we add our own elderflower/lemon-infused brandy, some sugar and some bubbles. It's a low-fi, pure, minimally processed handmade cocktail in a can.

### DETAILS

- sustainably raised wild blueberries, hand-harvested August 2025
- foot-crush, short maceration, aging in stainless steel tanks
- high-proof brandy infused with elderflower and lemon, some sugar
- blended, force-carbonated and canned June 2026
- alcohol 10% by volume
- 250mL can

### ABOUT R.A.S. WINES

We are Dan Roche, Joe Appel and Emily Smith.

We are committed to Maine people, land and fruit, and that's what produces all our wines.
